

Model SCGP05OW1AF All Freezer

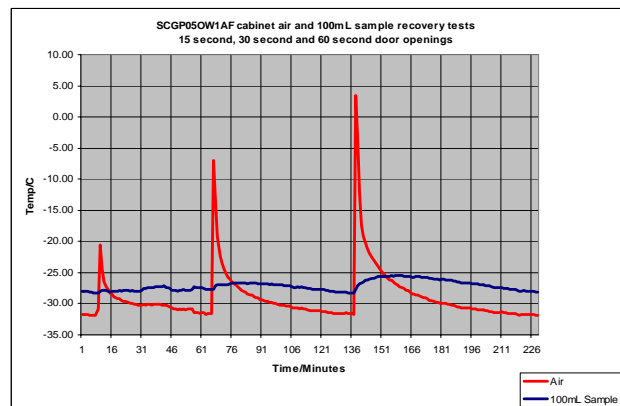

BSI's space-saving under-counter freezer model is ideal for placement as free standing beside the work bench or fits easily into a 34.5" high under-counter space, with the features and convenience of our full-size models. This model carries a commercial rating for general laboratory use and comes standard with a manual defrost system that allows you to select the appropriate time for the system to be engaged, unlike auto-defrost models that work on a timer sequence. This product utilizes proven technology used in the household appliance industry, but is manufactured to endure the rigors of commercial laboratory use and carries a warranty for this application. For performance assurance, each unit is completely tested and shipped with its unique pull down performance graph. The exterior is constructed of heavy gauge steel with a baked-on white epoxy coating for long lasting durability. The interior is white molded ABS with no seams for easy cleaning and decontamination. The interior environment is protected by CFC-free, high-density foamed-in-place urethane insulation. Additional standard features include three fixed refrigerated shelves, a removable wire retainer basket at the floor level for large item storage, three shelves on the door, adjustable leveling legs and a reversible outer door. The interior shelves are epoxy coated for long-lasting durability and chemical resistance. Optional built-in independent LCD temperature display available. The ideal companion to this freezer is the SCGP05OW1AREF under-counter refrigerator.

Specifications

- Temperature Range Freezer -30° to -15° C (-22° to 5° F)
- Dimensions Exterior 21.7@ W(55.12 cm) x 23.8@ D(60.5 cm) x 33.5@ H(86.11 cm)
Interior 18.1" W(45.97 cm) x 18" D(45.72 cm) x 27.6" H(70.1 cm)
- Capacity 5 cu. ft. 123 liters
- Net weight 78 lbs. 35.38 kg.
- Shipping weight 89 lbs. 40.37 kg
